

Kingsmead GCSE results: analysis of recent performance

In 2015, by subject, and across the year group we achieved:

- 100% A to C pass rate in Physics
- 88% in French
- 86% in English Literature and
- 85% in Maths.

These results were achieved by a group of pupils which included many who, with support from our Learning Development Unit, overcame challenges to their learning such as dyslexia and dyscalculia. Mathew McLean achieved 1 A*, 8 As and 1 B.

In 2016, 80% of pupils gained five A*-Cs; for 72% of pupils these five included English, Maths and Science, and Kingsmead became the highest-performing all-ability school in Wirral. At the time Headmaster Mark Gibbons commented: "I could not be more proud of our pupils' efforts and results – and of the work our staff have put into helping them achieve them. We welcome children of all abilities and our promise is that Kingsmead will do everything possible to get the very best from every pupil, irrespective of their baseline ability. We spare no effort to ensure that all our pupils are given every opportunity to succeed."

In 2017 our GCSE students and staff celebrated 92% gaining five or more GCSEs at C and above, including English and Maths. Kingsmead was again the best performing among Wirral's non-selective schools.
